2015 CHARDONNAY

Mendocino County

At the headwaters of the great Russian river and north of Napa Valley, Mendocino County is considered by many the last wine frontier. An area know for its simple way of life and breathtaking natural beauty, the grapes grown here seem to take on a bit of the free-spiritedness of the locals themselves.

Sketchbook Chardonnay is a round, full-bodied wine with complex aromas of tropical fruits and tantalizing tastes of rich pear and apple which typify Mendocino Chardonnay.
