

# Wines that ROCK

## 2007 Police Synchronicity Red Wine Blend

Mendocino County

With The Police turned up to maximum volume, our winemaker crafted this Synchronicity inspired red wine from premium Mendocino County fruit, blending a one-of-a-kind wine with Rock 'n Roll mythology.

Inspired by Synchronicity's themes of light and dark, Sting's magnetic vocals, and the definition of synchronicity (a meaningful mix of seemingly unrelated events resulting in a significant sum), Winemaker Mark Beaman turned to crafting this unforgettable blend of varieties not commonly seen together. The playful and seductive union of **Carignane, Zinfandel, Syrah, Petite Sirah, Grenache and Viognier** make this wine a compelling and delicious study.

### Tasting Notes

The 2007 Synchronicity captures the multifaceted character of the album with aromas of fresh rose petals and wild berries followed by flavors of juicy strawberry. This wine plays well with whatever your evening brings your way, from the fancy steak house to the rib shack. It also stands up to the late night cheese burger.
